**THE CYPRUS TRADE CENTRE (CTC) IN DUBAI**, established in 1978, is the first trade centre founded in the UAE. Operating under the Ministry of Energy, Commerce, and Industry and the Embassy of Cyprus in the UAE, CTC plays a key role in promoting Cypriot products and services while strengthening business relationships between Cyprus and the GCC (Kuwait, Qatar, Saudi Arabia, Oman, UAE, and Bahrain) region. The CTC maintains strong relationships with chambers of commerce, business councils, and embassies across the UAE and the wider GCC region with the support of European Union Commission. Through close collaboration with these institutions, CTC facilitates business connections, supports trade initiatives, and enhances economic cooperation. These partnerships play a vital role in promoting Cypriot exports, attracting investment, and creating new opportunities for businesses. By working closely with chambers and embassies, CTC ensures that Cypriot companies receive the necessary support, market insights, and networking opportunities. Through its Export Helpdesk, the center connects Cypriot businesses with potential suppliers and distributors and provides essential market research for the better penetration of Cypriot products and services. It also offers guidance on how to establish a company in the UAE and GCC region and business regulations, ensuring that companies are well-informed and prepared to expand their operations through the support of diplomatic Missions of the GCC countries.
